*Thoroughly cooking foods of animal origin such as beef, eggs, fish, lamb, pork, poultry or shellfish reduces the risk of foodborne illness. Individuals with certain health conditions may be at higher risk if these foods are consumed raw or undercooked. Consult your physician or public health official for further information.*

*Our menu is diverse and contains a wide variety of foods, many of which contain one of the eight major allergens: dairy, egg, soy, wheat, peanuts, tree nuts, shellfish, and fish. While we have carefully reviewed our recipes to inform our customers of foods that contain a food allergen as part of the recipe, we cannot guarantee that cross-contact with other foods will not occur during preparation. The health and safety of our guests is very important to us.*

**☐Gluten Free options**

*To the best of our knowledge our gluten free menu items are products labeled as gluten free. Separate cooking surfaces are used in preparation of these foods.*
